ANNEXURE - VI

MANAGEMENT DISCUSSION AND ANALYSIS

(a) Indian Economy:

The global economic environment in recent years has been challenging and marked by increasing volatility and uncertainty. The economy grew by 6.9% in 2013-14 and is expected to grow by 7.4% in the fiscal year 2014-15. Industry and service sectors are expected to grow at 5.9% and 10.6% respectively in 2014-15. High cost of borrowing, low business confidence and delays in project approvals impacted investments.

(b) Industry structure and developments :

The industry has continuous competition from the unorganized sector and there is always pressure on selling prices. Packaging in India is a Rs.11,500 crores industry and growing at the rate of 18 per cent annually. The global market for packaging is US \$900 billion and India's share is only US \$3 billion, but while the per capita expenditure on packaging in the US is a whopping US \$125, it is only \$6.5 in India. Therefore, there is a huge potential for growth in the Indian packaging industry.

The packaging industry in India, which started on low ebb in the 1950's has grown slowly and steadily in both quality and quantity. The 70's and 80's witnessed a remarkable change in materials as well as machinery. This has not only given a face-lift to the industry but also opened it up for innovations. In this period, the industry by and large, depended on domestic resources for materials as well as machinery. This was due to various restrictions on imports. Around the mid 90's, liberalisation opened the industry further and it began to reflect in the changes in consumers' consumption pattern.

(c) Opportunities and threats

The Company is now going to concentrate on exports so that the competition from the unorganized sector can be met.

(d) Risks and concerns

The Company continues to remain focused on its core competence product i.e. plastic products. Competition in the market place continues to have an impact on the company's realisations and also exerts pressure on the margins.

(e) Segment-wise or product-wise performance

The Company is one of the largest manufacturers and exporters of BOPP Self Adhesive Tapes and Various types of Adhesives & Emulsions in India. The Company's products are marketed under brand name SONAL and ADICRYL which are approved and preferred all over because of competitive pricing and dependable quality and service.

The Company is also manufacturing a complete range of adhesives and emulsions for various applications such as paint binders, textile binders, woodworking adhesives, water proofing chemicals and many other kinds of adhesives used in the sticker, label and lamination industries.

The Company also manufactures and exports PP / HDPE Ropes and twines.

The figures of production and sales for plastic products are furnished in the Notes on Accounts.

(f) Outlook

The Company is proactively responding to the changing business environment and is confident of sustaining its market share by improving competitive position in the market. The overall business outlook for the Company is promising with improvement in overall economic environment. Efforts towards higher operational efficiencies shall continue. The Company continues to examine the possibilities of expansion and will make the necessary investments when attractive opportunities arise.

The BOPP Adhesive Tapes are used for packaging. It is consumed daily in large quantities by all industrial and commercial organisations. From packing courier covers and bags to packing of pharmaceutical cartons, everywhere, the self adhesive tapes are consumed. 2.2. Use of Estimates

The preparation of financial statements requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities, if any) as at the date of the financial statements and the reported income and expenses during the reporting period like provisioning for taxation, useful lives of assets etc. Management believes that the estimates used in the preparation of financial statements are prudent and reasonable. Future results may vary from these estimates.

Sales of the Company comprise sale of BOPP tapes, ropes and adhesives. Revenue is recognized when the risks and rewards are substantially transferred to the buyer. 2.11 Provisions and Contingencies

A provision is recognized when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made.

Provisions are not discounted to their present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognized but are disclosed in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefit is remote. A contingent asset is neither recognized nor disclosed.

The contingent liabilities as at the Balance Sheet date are disclosed as under:

- The Company has other contingent liabilities in the form of guarantees extended from time to time, details of which are maintained by the Company as per the prescribed standards.
- The Company has given guarantee in favour of Sonal Impex Limited to enable Sonal Impex Limited avail credit facilities with banks. The Company is contingently liable to that extent.
