ANNEXURE - II
SECRETARIAL AUDIT REPORT
FORM NO. MR-3

FOR THE FINANCIAL YEAR ENDED 31st MARCH, 2018

[Pursuant to section 204 (1) of the Companies Act, 2013 and Rule No. 9 of the Companies(Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To

The Members

Sonal Adhesives Limited

Plot No. 28/1A, Takai-Adoshi Road

PO Khopoli Tal Khalapur

Dist Raigad Khopoli - 410203

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Sonal Adhesives Limited having CIN: L02004MH1991PLC064045 (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/ statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has during the audit period covering the financial year ended on 31st March, 2018 generally complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended 31st March, 2018 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Registrar to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;

As per the explanations given to me in the representations made by the management and relied upon by me, during the period under review, provisions of the following regulations/guidelines were not applicable to the Company:

- (i) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (ii) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (b) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (c) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
 - (d) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009;
 - (e) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards 1 & 2 issued by the Institute of Company Secretaries of India under the Companies Act, 2013.
- (ii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has generally complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above to the extent applicable except for the non compliance of Section 203(1)(ii) of the Companies Act, 2013.

I further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is generally given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were generally sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through and as informed, there were no dissenting members' views and hence not recorded as part of the minutes.

I further report that as per the explanations given to me in the representations made by the management and relied upon by me, there are adequate systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines; however the same may be further strengthened.

As per the information provided and explanations given to me in the representations made by the management and relied upon by me, I further report that, the following are the specific events / actions taken place, having a major bearing on the Company's affairs, in pursuance of the above referred laws, rules, regulations, guidelines etc.,

- 1) The State Bank of India (the Lender)
 - (a) Had classified the Company's Bank Account as "Non Performing Asset" (NPA);
 - (b) Had served Notice to the Company under section 13(2) of the SARFAESI Act, for attachment of its assets and also intimated the Company about the symbolic possession taken on 22nd February, 2017.
 - (c) Had given winding up notices against recovery of their dues.
 - (d) Had filed an appeal in DRAT Mumbai against the stay given by DRT, Pune in the recovery case.
- 2) The Company had given corporate guarantee for credit facilities availed by M/s Sonal Impex Ltd., the same has been classified as NPA by the bank and the Company has been called upon to discharge in full the liability by paying to the bank.
- 3) The various Creditors of the Company have –
 - (a) filed winding up petition with High Court, Mumbai against the Company, subsequently the same was disposed by High Court.

INDEPENDENT AUDITOR'S REPORT

To The Members of Sonal Adhesives Limited

Report on the Standalone IND AS Financial Statements

I have audited the accompanying standalone IND AS financial statements of **Sonal Adhesives Limited, ('the Company')**, which comprise the Balance Sheet as at 31 Mar 2018, the Statement of Profit and Loss (including Other Comprehensive Income), Cash Flow Statement and Statement of Changes in Equity for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone IND AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone IND AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone IND AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these standalone IND AS financial statements based on my audit. I have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under. I conducted my audit of standalone IND AS financial statement in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those Standards require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone IND AS financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the standalone IND AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone IND AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone IND AS financial statements that give true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the standalone IND AS financial statements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion on the standalone IND AS financial statements.

Basis of Qualified Opinion

- i. The banking facility availed from SBI have become NPA as per RBI guidelines and consequently the said bank has stopped charging interest. During the year under review no provisions have been made for unapplied interest on account of NPA, not charged by the bank, which is not in accordance with the generally accepted accounting principles.
- ii. The balance of SBI Term Loan, Cash Credit and other credit facilities appearing in the books of accounts are not in accordance with the bank statement and are subject to reconciliation process.
- iii. Two of its creditors had filed Winding up petition with the High Court, Mumbai. Against which Company has gone into appeal. This poses a question on the going concern assumption.
- iv. The Company has received notice under section 13(2) of the SARFAESI Act, for attachment of its assets from State Bank of India. Pursuant to this, the Company has been intimated of the symbolic possession taken by the State Bank of India on **22nd Feb, 2016**. Matter is pending in Debts Recovery Tribunal, Mumbai and Debt Recovery Appellate Tribunal, Mumbai.
- v. As informed to me, the Company had given corporate guarantee of **Rs. 3,82,62,938/-** for credit facilities availed by M/S Sonal Impex Ltd. The same has been classified as NPA by the bank, the guarantee been has invoked and company has been called upon by the bank to repay the entire amount.
- vi. As told by management Rs. 4,30,26717 Worth of Debtors are more than 3 years old, the same being time barred should have been written off, but no provision for the same had been provided in books of accounts. The same is the case with Sundry creditors, as per management the same is under settlement process.

Qualified Opinion

In my opinion and to the best of the information and according to the explanations given to me, except for the effects/possible effects of the matter described in the Basis for Qualification of Opinion paragraph above, the aforesaid standalone IND AS Financial Statements give the information required the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March, 2018, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Emphasis of Matter

- i. Note No. 15.1 and 29 to the standalone IND AS Financial Statements which inter-alia describes the uncertainty related to the outcome of the cases/notices filed/given against the Company.
- ii. The accumulated losses of the Company exceed its net worth as at the financial year end. Also, the Company has incurred cash losses during the year.
- iii. Considering the overall financial health of the Company, it may require further fund infusion for growth and expansion.

Report on other legal and regulatory requirements

- i. As required by The Companies (Auditors Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of subsection(11) of section 143 of the Act, I give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the said order.
- ii. As required by section 143(3) of the Companies Act 2013, based on my audit I report to the extent applicable that:
 - a. As described in the Basis of Qualification of Opinion Paragraph, I was unable to obtain all the information and explanations which to the best of my knowledge and belief were necessary for the purpose of my audit;
 - b. In my opinion proper books of account as required by law have been kept by the Company so far as appears from my examination of those books;
 - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flow and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account;
 - d. Except for the effects of the matter described in the Basis for Qualified / Disclaimer Opinion / Emphasis of Matter paragraphs in my opinion, the aforesaid standalone Ind AS financial statements comply with the Accounting Standards specified under section 133 of the Act;
 - e. On the basis of written representations received from the directors as on 31st March, 2018, and taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2018, from being appointed as a director in terms of Section 164(2) of the Act.
 - f. with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to separate report in "Annexure B", and
 - g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in my opinion and to the best of my information and according to the explanations given to me:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone IND AS financial statements- Refer Note 29 to the standalone IND AS financial statements;
 - ii. The Company does not have any long-term contracts including derivative contracts for which there were any material foreseeable losses,
 - iii. The amounts which were required to be transferred to the Investor Education and Protection Fund by the Company have been transferred.

Annexure - B to the Auditors' Report**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

I have audited the internal financial controls over financial reporting of **Sonal Adhesives Limited** ("the Company") as of 31 March 2018 in conjunction with my audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

My responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on my audit. I conducted audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

My audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. My audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In my opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the financial statements for the year ended March 31, 2018

NOTE 1: GENERAL INFORMATION

a) Corporate information

Sonal Adhesives Limited (the Company) was incorporated on 18 November 1991, and is engaged in manufacture of adhesive tapes, emulsion and plastic ropes. The Company has manufacturing facilities and registered office at Khopoli (Maharashtra) and at Palacode (Tamil Nadu). The address of its registered office is Plot no. 28/1A, Takai Adoshi Road, Off Khopoli Pen Road, Village Dheku, Raigad 410 203, Maharashtra, India.

b) Basis of preparation and presentation

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in India under the historical cost convention on accrual basis at the end of each reporting period except for:

- Defined Benefit Plans that are measured at fair value

The Generally Accepted Accounting principles in India comply in all material aspects with the Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 (the Act) read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 as amended by the Companies (Indian Accounting Standards) Rules, 2016, the Companies (Indian Accounting Standards) Rules, 2017 and other relevant provisions of the Act.

These financial statements for the year ended March 31, 2018 are the first accounts of the Company prepared under Ind AS. For all periods upto and including the year ended March 31, 2017, the Company prepared its financial statements in accordance with the accounting standards notified under the Section 133 of the Companies Act, 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (hereinafter referred to as 'Previous GAAP') used for its statutory reporting requirement in India immediately before adopting Ind AS. The financial statements for the year ended March 31, 2017 and the opening Balance Sheet as at April 1, 2016 have been restated in accordance with Ind AS for comparative information. Reconciliations and explanations of the effect of the transition from Previous GAAP to Ind AS on the Company's Equity, Total Comprehensive Income and Cash Flow Statements are provided in Note -3.

The financial statements have been prepared on accrual and going concern basis. The accounting policies are applied consistently to all periods presented in the financial statements, including the preparation of the opening Ind AS Balance Sheet as at April 1, 2016 being the 'date of transition to Ind AS'. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III of the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for proceeding and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as not exceeding 12 months for the purpose of current or non-current classification of assets and liabilities.

The financial statements of the Company for the year ended March 31, 2018 have been approved for issue in accordance with the resolution of the Board of Directors on May 28, 2018.

c) Functional and presentational currency

The financial statements are presented in Indian Rupees (INR), which is the Company's functional and presentation currency.

d) Key estimates and assumptions

The preparation of financial statements requires Management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable.

Information about critical judgments in applying accounting policies, as well as estimates and assumptions that have the most significant effect to the carrying amounts of assets and liabilities within the next financial year, are as follows:

- Determination of the estimated useful lives of tangible assets and the assessment as to which components of the cost may be capitalized.
- Impairment of Property, Plant and Equipment.
- Recognition and measurement of defined benefit obligations
- Discounting of long-term financial liabilities

Notes to the financial statements for the year ended March 31, 2018

- Recognition and measurement of provisions and contingencies, key assumptions about the likelihood and magnitude of an outflow of resources;
- Accrual of sales incentives, commission, etc.

e) Measurement of Fair value

The Company's accounting policies and disclosures require the measurement of fair values for financial instruments. The Company has an established control framework with respect to the measurement of fair values. The Management regularly reviews significant inputs and valuation adjustments. If third party information, such as Government approved valuers, broker quotes or pricing services, is used to measure fair values, then the Management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

While measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2 inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3 inputs for the assets or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

f) Application of new and revised Ind AS's

All the Indian Accounting Standards ("Ind AS") issued and notified by the Ministry of Corporate Affairs are effective and considered for the significant accounting policies to the extent relevant and applicable for the Company except for:

Ind AS 115 – Revenue from Contracts with Customers: In February 2015, the Ministry of Corporate Affairs had notified Ind AS 115, Revenue from Contracts with Customers. The Ind AS is applicable with effect from April 1, 2018. The Company is in the process of making an assessment of the impact of Ind AS 115 upon initial application.

Ind AS 116 – Leases: This Standard is effective for annual periods beginning on or after 1 April, 2019, with early adoption allowed only if Ind AS 115 - Revenue from Contracts with Customers is also adopted.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

a) Property, Plant and Equipment

Property, Plant and Equipment (PPE) are stated at cost of acquisition, including any attributable cost for bringing the asset to its working condition for its intended use less accumulated depreciation and less accumulated impairment, if any. Cost includes expenses related to acquisition and installation of the concerned assets, borrowing cost during the construction period and excludes any duties / taxes recoverable.

Advances paid towards the acquisition of PPE outstanding at each reporting date is classified as Capital Advances under Other Non-Current Assets and assets which are not ready for intended use as on the date of balance Sheet are disclosed as "Capital Work in Progress".

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognised impairment loss. Cost includes all costs incurred to bring the assets to their present location and condition. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

An item of property, plant and equipment is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from de-recognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

Notes to the financial statements for the year ended March 31, 2018

The estimated residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Subsequent costs are included in the assets carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the items will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred.

When significant identifiable parts of PPE are required to be replaced, the Company de-recognises the replaced parts and recognises the new part with its own associated useful life and it is depreciated accordingly. In other cases, expenses are charged off to the Statement of Profit and Loss.

Depreciation is provided, under the Straight Line Method basis so as to write off the original cost of the asset less its estimated residual value over the estimated useful life. The Management's estimate of useful lives is in accordance with Schedule II to the Companies Act, 2013.

b) Impairment of Non-Financial Assets

At the end of each reporting period, the Company reviews the carrying amounts of its non-financial assets to determine whether there is any indication of an impairment loss. If any such indication exists, the recoverable amounts are estimated in order to determine the extent of the impairment loss (if any). An impairment loss is recognised whenever the carrying amount of an asset or a cash-generating unit exceeds its recoverable amount. The impairment loss, if any, is recognised in the Statement of Profit and Loss in the period in which impairment takes place. Recoverable amount is higher of an assets net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an assets and from its disposal at the end of its useful life. Where an impairment loss subsequently reverses, the carrying amount of the assets is increased to the revised estimate of its recoverable amount, however subject to the increased carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset in prior accounting periods.

c) Inventories

Inventories are measured at lower of cost and net realisable value. Cost of inventories comprises all costs of purchase (net of input credits), costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of stores and spares, raw materials, trading and other products is determined on weighted average basis. Cost of work-in-progress and finished stock is determined by the absorption costing method.

Net realizable value represents estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

Provision is made for cost of obsolescence and other anticipated losses, whenever considered necessary by Management.

d) Cash and Cash Equivalents

Cash and Cash Equivalents in the Balance Sheet comprises cash on hand, bank balances and short term deposits with banks with an original maturity of three months or less which are readily convertible into cash and which are subject to insignificant risk of changes in value.

For the purpose of the Statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

e) Financial instruments

A financial instrument is any contract that gives rise to financial assets of one entity and financial liability or equity of another entity. Financial instruments also include derivative contracts such as foreign currency foreign exchange forward contracts.

i) Financial Asset

Initial recognition:

Financial assets are recognised when a Company becomes a party to the contractual provisions of the instruments. Financial assets are initially measured at fair value plus transaction costs that are directly attributable to the acquisition or issue of financial assets.

Notes to the financial statements for the year ended March 31, 2018

Subsequent measurement of financial assets:

Financial assets are subsequently classified and measured at:

- amortised cost

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

Trade Receivables and Loans:

Trade receivables are initially recognised at fair value. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instruments.

- a) Measured at amortised cost:

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.

- b) Measured at Fair value through other comprehensive income (FVTOCI):

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'Other Income' in the Statement of Profit and Loss.

- c) Measured at Fair Value Through profit and Loss (FVTPL):

A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'Other Income' in the Statement of Profit and Loss.

Impairment of financial assets:

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset.

For trade receivables, the Company measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

De-recognition of financial assets:

The Company de-recognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is de-recognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not de-recognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is de-recognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Notes to the financial statements for the year ended March 31, 2018

ii) Financial liabilities

Initial recognition

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest method.

Subsequent Measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss. The interest expenses using the effective interest method is recognised over the relevant period of the financial asset. The same is included under Finance cost in the Statement of profit and Loss unless it is capitalised as part of cost of an item of Property, Plant and Equipment.

Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of the new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

f) Foreign Exchange Transactions

In preparing the financial statements of the Company, transactions in currencies other than the Company's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are restated at the rates prevailing at the reporting date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated. Exchange differences on monetary items are recognised in the Statement of Profit and Loss in the period in which they arise.

g) Revenue recognition

Revenue from sale of products is recognised when the products are dispatched to customers, all significant contractual obligations have been satisfied and the collection of the resulting receivable is reasonably expected. Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of customer returns, trade allowance, rebates, goods and services tax and amount collected on behalf of third parties.

Accumulated experience is used to estimate and provide for the discounts and returns. No element of financing is deemed present as the sales are made with normal credit days consistent with market practice.

Interest Income

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that discounts the estimated future cash payments or receipts through the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial assets. Interest income is included in other income in the Statement of Profit and Loss.

Deposit Interest income is recognized on accrual basis

h) Employee benefits

Short-term Employee benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, performance incentives, etc., are recognized as an expense at the undiscounted

Notes to the financial statements for the year ended March 31, 2018

amount in the Statement of Profit and Loss of the year in which the employee renders the related service. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Post-Employment Benefits:

(a) **Defined Contribution Plans**

Payments made to a defined contribution plan such as Provident Fund, Family Pension and Superannuation scheme are charged as an expense in the Statement of Profit and Loss as they fall due.

(b) **Defined Benefit Plans**

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, after discounting the same. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. Re-measurement of the net defined benefit liability, which comprise actuarial gains and losses are recognized immediately in Other Comprehensive Income (OCI). Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset). Net interest expense and other expenses related to defined benefit plans are recognized in Statement of Profit and Loss. When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognized immediately in Statement of Profit and Loss. The Company recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

i) **Leases**

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

Lease payments under operating leases is generally recognised as an expense on a straight-line basis over the term of the relevant lease, unless where the lease rentals are structured solely to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue.

j) **Taxes on Income**

Income tax expense comprises current tax expense and the deferred tax during the year. Current and deferred taxes are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current tax

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year and any adjustments to the tax payable or receivable in respect of previous years as determined in accordance with the provisions of the Income Tax Act, 1961 that have been enacted or subsequently enacted at the end of the reporting period.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Notes to the financial statements for the year ended March 31, 2018

k) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when the Company has a present obligation as a result of a past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. The expenses relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is not recognised but disclosed in the financial statements where an inflow of economic benefit is probable.

Provisions, contingent assets, contingent liabilities and commitments are reviewed at each balance sheet date.

l) Earnings Per Share (EPS)

Basic earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period.

Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

The following is a reconciliation of the equity shares used in the computation of basic and diluted earnings per equity share:

	Year Ending March 31, 2018	Year Ending March 31, 2017
Basic earnings per equity share - weighted average number of equity shares outstanding	60,61,000	60,61,000
Effect of dilutive common equivalent shares - share options outstanding		
Diluted earnings per equity share - weighted average number of equity shares and common equivalent shares	60,61,000	60,61,000
Weighted average equity shares used in computing earnings per equity share		
Basic	60,61,000	60,61,000
Diluted	60,61,000	60,61,000

m) Segment Reporting

The Company is considered to be a single segment company – engaged in the manufacture of rubber chemicals. As per Ind AS-108 'Operating Segments', if a financial report contains both the consolidated financial statements of a parent that is within the scope of Ind AS-108 as well as the parent's separate financial statements, segment information is required only in the consolidated financial statements. Accordingly, information required to be presented under Ind AS-108 Operating Segments has been given in the consolidated financial statements.

NOTE 2A: FIRST TIME ADOPTION

Transition to Ind AS

The Company has adopted Indian Accounting Standards (Ind AS) as notified by the Ministry of Corporate Affairs with effect from April 01, 2017, with a transition date of April 01, 2016. These financial statements for the year ended March 31, 2018 are the first financial statements the Company has prepared under Ind AS. For all periods upto and including the year ended March 31, 2017, the Company prepared its financial statements in accordance with the accounting standards notified under the section 133 of the Companies Act 2013, read together with the relevant rules thereunder.

The adoption of Ind AS has been carried out in accordance with Ind AS 101, First-time Adoption of Indian Accounting Standards. Ind AS 101 requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements be applied retrospectively and consistently for all financial years presented. Accordingly, the Company has prepared financial statements which comply with Ind AS for year ended March 31, 2018, together with the comparative information as at and for the year ended March 31, 2017 and the opening Ind AS Balance Sheet as at April 01, 2016, the date of transition to Ind AS.

In preparing these Ind AS financial statements, the Company has availed certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and Previous GAAP and have been recognised directly in equity (retained earnings). This note explains the adjustments made by the Company in restating its financial statements prepared under previous GAAP, including the Balance Sheet as at April 01, 2016 and the financial statements as at and for the year ended March 31, 2017.

Optional Exemptions Availed

a) Cost of Property, Plant and Equipment, Intangible and Investment Property

The Company has elected to continue with the carrying value for all of its property, plant and equipment, intangible assets and investment property as recognised in the financial statements as the deemed cost at the date of transition to Ind AS, measured as per the previous GAAP

Mandatory Exceptions from retrospective application

The Company has applied the following exceptions to the retrospective application of Ind AS as mandatorily required under Ind AS 101:

a) Estimates

On assessment of the estimates made under the Previous GAAP financial statements, the Company has concluded that there is no necessity to revise the estimates under Ind AS, as there is no objective evidence of an error in those estimates. However, estimates that are required under Ind AS but not required under Previous GAAP are made by the Company for the relevant reporting dates reflecting conditions existing as at that date.

b) Classification and measurement of financial assets

The Company has classified and measured the financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

c) De-recognition of financial assets and liabilities

Ind AS 101 requires a first-time adopter to apply the de-recognition provisions of Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows a first-time adopter to apply the de-recognition requirements in Ind AS 109 retrospectively from a date of the entity's choosing, provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognised as a result of past transactions was obtained at the time of initially accounting for those transactions.

Notes to the financial statements for the year ended March 31, 2018

Note 3: Transition to IND AS

The transition as of April 1, 2016 to Ind AS was carried out from Previous GAAP. The exemption and exceptions applied by the Company in accordance with Ind AS 101 - First Time adoption of Indian Accounting Standards are explained in Note no 2A. The reconciliations of equity and total comprehensive income in accordance with Previous GAAP to Ind AS are explained below.

Reconciliation between Indian GAAP and Ind AS

(i) Equity reconciliation:

(Amount in Rupees)

Particulars	Notes	As at	As at
		March 31, 2017	April 01, 2016
Equity as reported under Previous GAAP		3,54,81,042	7,03,66,938
Impact of Change in Gratuity Valuation under IND AS Valuation	(ii)	1,46,187	-
Change in Deffered Tax Asset under IND AS	(i)	38,37,776	-
Equity as reported under Ind-AS		3,94,65,005	7,03,66,938

(ii) Comprehensive Income Reconciliation:

Particulars	Notes	For the year ended
		March 31, 2017
Profit under Previous GAAP		(3,48,85,896)
Change in Deffered Tax Asset under IND AS	(i)	38,37,776
Change in Gratuity Valuation as per IND AS	(ii)	1,46,187
Remeasurement of defined benefit plans classified in Other Comprehensive income (OCI)	(iii)	(2,37,596)
Profit under Ind AS		(3,11,39,529)
Remeasurement of defined benefit plans classified in Other Comprehensive income (OCI)	(iii)	2,37,596
Profit under Ind AS		(3,09,01,933)

(iii) There are no material adjustments to the Statement of Cash Flows

Notes:

- (i) Under previous GAAP, the deferred tax assets were recognised using profit and loss approach. Under Ind AS, deferred tax asset is recorded using balance sheet approach. Consequently, the amount of deferred tax recognised in books of accounts has changed.
- (ii) Under previous GAAP, the provision for employee benefit was measured as per management estimate. Under Ind AS, the provision for employee benefit was measured by actuary and hence the same has changed for the financial year ended 2017. Consequently, the tax effect of the same has also undergone a change. This change has resulted in an decrease in profit before tax.
- (iii) Under previous GAAP, the actuarial gains and losses were recognised in profit or loss as per management estimate. Under Ind AS, the, acturial gains and losses form part of remeasurement of the net defined benefit liability/ asset which is recorded in other comprehensive income. Consequently, the tax effect of the same has also been recognised in other comprehensive income under Ind AS instead of profit or loss. This change does not affect total equity, but has resulted in an decrease in profit before tax.

Note 27: Employee Benefits
1) Defined contribution plans :

The Company participates in a number of defined contribution plans on behalf of relevant personnel. Any expense recognised in relation to these schemes represents the value of contributions payable during the period by the Company at rates specified by the rules of those plans. The only amounts included in the balance sheet are those relating to the prior months contributions that were not due to be paid until after the end of the reporting period.

The major defined contribution plans operated by the Company are as below:

a) Provident fund and pension

In accordance with the Employee's Provident Fund and Miscellaneous Provisions Act, 1952 eligible employees of the Company are entitled to receive benefits in respect of provident fund, a defined contribution plan, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary. The contributions, as specified under the law, are made to the provident fund administered and managed by Government of India. The Company has no further obligations under the fund managed by the GOI beyond its

Notes to the financial statements for the year ended March 31, 2018

monthly contributions which are charged to the Statement of Profit and Loss in the period they are incurred. The benefits are paid to employees on their retirement or resignation from the Company.

Contribution to Defined Contribution Plans, recognised in the Statement of Profit and Loss for the year under employee benefits expense, are as under :

Total	823,297	819,549

b) Defined Benefit Plans

Gratuity (Unfunded)

The Company has an obligation towards gratuity, an unfunded defined benefit retirement plan covering eligible employees. The plan provides for lump sum payment to vested employees at retirement, death while in employment or on termination of the employment of an amount equivalent to 15 days salary, as applicable, payable for each completed year of service, without any payment ceiling. Vesting occurs upon completion of five years of service. The Company accounts for the liability for gratuity benefits payable in the future based on an actuarial valuation.

The Company offers the following employee benefit schemes to its employees:

Note 33 : Financial Instruments

(i) Capital management

For the purpose of the Company's capital management, capital includes issued capital and all other equity reserves attributable to the equity shareholders of the Company. The primary objective of the Company when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholder value.

Notes to the financial statements for the year ended March 31, 2018

As at March 31st, 2018, the capital structure of the company consists of net debt (borrowings as detailed in Note 15 offset by cash and cash equivalents) and total equity of the company.

The company is not subject to any externally imposed capital requirements.

In order to maintain or achieve an optimal capital structure, the Company reviews its capital on semi annual basis. As a part of review the company considers the cost of capital and the risks associated with each class of capital.

(iii) Financial risk management objectives

The Company's business activities are exposed to a variety of financial risks, namely Credit risk, Liquidity risk, Currency risk, Interest risks and Commodity price risk. The Company's Senior Management has the overall responsibility for establishing and governing the Company's risk management frame work. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits.

Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company monitors and manages the financial risks relating to the operations of the entity through internal risk reports which analyse exposures by degree and magnitude of the risk.

(iii) (a) Market Risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

The Company's is currently not exposed to market risk in the reporting period.

(iii) (b) Credit risk management

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and loans and advances.

Notes to the financial statements for the year ended March 31, 2018

The carrying amount of following financial assets represents the maximum credit exposure:

Trade Receivable & Staff Loan: Credit risk is the risk that the counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The company is exposed to credit risk from its operating activities (primarily trade receivables), deposits with banks and staff loan. The company has a trade policy approved by the Management that is designed to ensure consistent processes are in place to measure and control credit risks.

The company has trade relations with reputed third parties. The receivables are constantly managed through credit approvals, establish credit limits and continuously monitoring the credit worthiness of customers. The company follows the market norms in terms of its credit policy. The credit terms offered to export customers is around 120-150 days and 30 to 60 days to the customers in the domestic market. The company's historical experience of collecting receivables, supported by the level of default is that the credit risk is low across territories and so trade receivables are considered to be a single class of financial assets. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in the financial statements.

(iii) (c) Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the management, which has established an appropriate liquidity risk management framework for the Company's short-term, medium-term and long-term funding and liquidity management requirements. The Company manages liquidity risk by continuously monitoring forecast and actual cash flows.

Liquidity risk tables

The following tables detail the Company's remaining contractual maturity for its financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.
